Commissioner for Patents

Applicant's communication of July 5, 2007, in response to the Restriction/Election requirement mailed June 4, 2007, is acknowledged. It is acknowledged that Applicants have elected, without traverse, Invention I and sub-invention (A), human granzyme B. However, said election is deemed non-responsive because, as explained by the Restriction/Election requirement of June 4, 2007 (pg 2, line 20), Applicants were required to elect "one of the recognition sites listed in Claims 2-5". Applicants have not made such an election and, therefore, the communication of July 5, 2007 is non-response.

Within one (1) month of the mailing date stated above, Applicants are required to additionally elect one of the recognition sites listed in Claims 2-5.
